Please note that there are 10 rehearsals in this Fall session. Rehearsals are on Sundays from 3:00pm–5:30pm at Libby's home in Oakland. The cost of this 10 week session is **\$250**. However, you may come to one rehearsal without charge, to check out the chorus and decide whether it's for you. If you choose to join, you can register at that time. Returning members can register the first day as well.

The Linwood Project Community Chorus is a women's community chorus, with no requirements except a love of singing and an open heart. Music reading skills are helpful but not required. As the director I am committed to creating a quality musical experience, including vocal blending, vocal technique, sight-singing, interval work, beautiful group singing and lots of FUN. If you've been looking for a heartwarming and fulfilling singing experience, come give us a try!
